PLEIF 2025 - atsauksmes

What an inspiring event — the World Latvian Economic and Innovation Forum 2025! For the first time in many years, I witnessed a packed room where every chair was taken — and the discussion was so engaging that we couldn't even get through all the audience questions. **Let's keep the momentum going.**

(Beāta Krauze-Čebotare)

Last week we had the honour to speak at the World Latvian Economics and Innovation Forum, gathering Latvians from all across the globe. **Cheers to Latvian startups and the impact we continue to drive!** Special thanks to the organisers! (Longenesis)

Today I had the pleasure of participating in the World Latvian Economics and Innovation Forum 2025. It was a fantastic opportunity to reconnect with familiar faces and meet many new inspiring people. Overall, **it was a truly engaging event filled with valuable insights and fresh perspectives on the future of the Latvian economy.** A big thank you to **Pasaules brīvo latviešu apvienība** for organizing such an inspiring forum — I'm already looking forward to the next one! (Ilze Tolpeznikova)

At the World Latvian Economics and Innovation Forum in Rīga today. **It's phenomenally organized with all-star speakers and panelists across industries.**

Nowhere else in the world can you be in the same room as the Latvian President, Prime Minister, a bunch of Latvian CEOs and investors, and some friendly faces from DC and beyond all focused on the growth and global expansion of Latvian business.

(Markus Videnieks)

Still feeling energized after participating at the World Latvian Economics and Innovation Forum 2025 in Riga. **It was an honor to share the stage with such a powerful group of founders, innovators, and ecosystem builders, all showing how Latvia's compact market pushes us to think globally from day one.**

(Liga Ellere)
